

Deep Patel

(365) 773 - 4848

Email: patel07@uoguelph.ca | LinkedIn: [linkedin.com/in/deep Patel2007](https://www.linkedin.com/in/deep Patel2007) | Github: github.com/deepjpatel2007

TECHNICAL SKILLS

Programming Languages: C, C++, Java, Python, SQL (PostgreSQL, Oracle, MySQL), Object-Oriented Programming (OOP)

Development Tools: Git/GitHub, Visual Studio Code, Eclipse, IntelliJ IDEA

Engineering & Design Software: SolidWorks, AutoCAD, Microsoft Excel, Word, PowerPoint, Microsoft 365

Technical Skills: Arduino systems, OpenCV, hardware integration, debugging, testing, data analysis, control systems, CAD modeling

Professional Skills: Strong analytical and problem-solving abilities, effective written and verbal communication, teamwork, adaptability, and proactive attitude

EDUCATION

Bachelor of Engineering, Computer Engineering (Co-op)

Sept 2025 – Present

University of Guelph, Guelph, ON

- GPA: 4.0/4.0
- Dean's Honours List Recipient – Fall 2025 and Winter 2026

WORK EXPERIENCE

Technical Operations Assistant | *Rivo Careers*

Kitchener, ON | **Jan 2026 – Present**

- Supported testing and workflow optimization for an AI-powered internship platform using analytical troubleshooting and digital workflow coordination.
- Applied troubleshooting, debugging, and analytical problem-solving skills to improve platform functionality, workflow efficiency, and overall user experience.
- Collaborated with team members to support technical operations, ongoing platform development, and organization of digital workflows and documentation.

Fire Protection Systems Technician | *Canada Fire Chimney System*

Kitchener, ON | **Jun 2025 – Apr 2026**

- Conducted inspection, maintenance, and servicing of commercial fire protection and suppression systems in compliance with safety regulations.
- Applied troubleshooting and analytical problem-solving skills to support repair and maintenance of mechanical and electrical fire safety equipment.
- Collaborated with team members to complete technical service tasks, documentation, and installation projects efficiently and safely.

ENGINEERING PROJECT EXPERIENCE

Autonomous Robotics and Navigation System Project | *Personal Project*

Kitchener, ON | **May 2026 – Jun 2026**

- Engineered an Arduino-based autonomous robotic vehicle using C++ with real-time obstacle detection and navigation.
- Integrated ultrasonic sensors, servo motors, and motor drivers to enable autonomous movement and environmental scanning.
- Developed obstacle avoidance algorithms that processed live sensor data to support real-time navigation decisions.
- Implemented Bluetooth manual override alongside autonomous control through a modular system architecture.
- Tested, debugged, and optimized sensor calibration and motor control to improve navigation accuracy and system reliability.

Assistive Mobility Device Engineering Project | *University of Guelph*

Guelph, ON | **Sept 2025 – Oct 2025**

- Designed and developed an assistive mobility device prototype using Arduino-controlled servo systems and embedded C++.
- Engineered and optimized the chassis using CAD to improve stability, maneuverability, and structural performance.
- Integrated mechanical, electrical, and embedded system components into a reliable and fully functional prototype.
- Conducted iterative testing, debugging, and design optimization to improve steering precision and system reliability.
- Achieved 2nd Place by collaborating with a multidisciplinary engineering team to deliver a high-performing prototype.

VOLUNTEERING EXPERIENCE

STEM Program Assistant | *FIRST Robotics Waterloo Region*

Kitchener, ON | **Jun 2025 – Sept 2025**

- Supported Arduino-based robotics workshops involving sensors, programming, and hardware integration activities.
- Troubleshoot hardware components and basic electrical systems to support engineering activities.
- Communicated technical concepts and problem-solving strategies through hands-on learning environments.
- Collaborated with team members to organize workshop activities and maintain structured learning sessions.

TRAINING AND CERTIFICATIONS

Google AI Essentials Professional Certificate | *Google*

Completed Jun 2026

SQL (Intermediate) Certification | *HackerRank*

Completed May 2026

Cloud Computing Fundamentals Credential | *IBM SkillsBuild*

Completed May 2026
